

Abstract Submission for Trends in Optical Micromanipulation II
(11-16 April 2010, Obergurgl, Tirol, Austria)

Contact details the presenting /corresponding author:

Second Name:
First Name:
Institution:
Street Address:
City:
Zip:
Country:
Email Address:
Telephone Number:

Copyright Statement:

With the submission of this abstract, the authors agree that the submitted information will be used by the organizers of the conference for the presentation on the web and in a printed/electronic form. The author grants that the submitted abstract is not subject to any copyright.

Note: Length of the abstract should not exceed one page!

This is the Style Guide for your Abstract
(title is bold, 14-point type, centered, with capitals)

X. Author¹, Y. Author¹, Z. Author² (Author name(s) [10-point type, bold, centered])

Author's affiliation and full address (8-point type, centered, italicized)

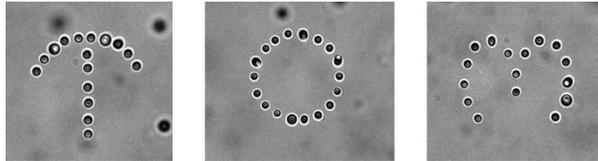

Corresponding Author's e-mail address and URL: (8-point type, centered, italicized)

KEY WORDS: Force measurement, vortices, live cells, holographic optical tweezers,

Insert the text of your abstract here. The abstract including title, figure, references, etc. must not exceed one page. Use A4 paper format. Set all margins (left, right, top, bottom) to 25 mm. The text should be written in a 12 pt Times New Roman font.

Except for the first, new paragraphs should start with an indent. References should be cited in “footnote fashion” using a superscript^{1,2}. The references should be typed in a 10-point Times New Roman font in the format used below.

Please include one figure highlighting your contribution.

The figure caption should be typed in a 10 pt font size, it is centered.

Save and submit your contribution as a **PDF**-file!

¹ Citation of a journal article: A. Ashkin, *Phys. Rev. Lett.*, **24** (1970) 156-159.

² Citation of a book: M. Born, E. Wolf, *Principles of Optics*, 7nd. ed., (University Press, Cambridge, 1999).
